Transfer Fee: **\$50.00 (non-refundable)**

The Utility agrees to sell and deliver water to the Customer and the Customer agrees to purchase and receive water from the Utility in accordance with the rules and regulations of the Utility as included in its approved Tariff on file with the Utility and the Texas Commission on Environmental Quality.

All water will be measured by meters, which are furnished, installed, owned and maintained by the Utility. The meter and/or connection are for the sole use of the Customer to serve water to one dwelling, business, or property. The Customer shall not share, resell, or sub-meter water to any other dwelling, business, property, etc., without the specific written authorization of the Utility and in compliance with applicable rules and regulations.

The Utility has the right to locate a water service meter and the pipes necessary to connect the meter on the property of the Customer. The Customer will allow the Utility access at all reasonable times to its property and equipment located upon the Customer's premises for the limited purposes of reading the water meter, repairing or replacing existing facilities and to check for illegal connections or unsafe plumbing practices existing or cross-connections, in compliance with the requirements of the Texas Commission on Environmental Quality "Rules and Regulations for Public Water Systems." Also the use of pipes and pipe fittings that contain more than 8.0% Lead or solders and flux that contain more than 0.2% Lead is prohibited for any plumbing installation or repair of any residential or non-residential facility providing water for human consumption and connected to the water supply.
